

# User Manual

Model: SSW-3891EU, SSW-3891UK  
Input: 100-240VAC, 50/60Hz, 2.0A  
Output: 5.25VDC, 3.0A, 15.75W or  
9.0VDC, 3.0A, 27.0W or  
15.0VDC, 3.0A, 45.0W or  
20.0VDC, 2.25A, 45.0W or  
5.0-11.0VDC, 4.0A, 44.0W MAX  
Average active efficiency: 90.6%  
Declared efficiency at load 10%: 80.5%  
No-load power consumption: 0.05W

## Safety Guidelines:

1. The appliance is suitable for use together with IT and Audio/Video equipment only.
2. The appliance should be installed according to the specification on the product.
3. Risk of electric shock. Store and use the appliance in dry, well ventilation location only.  
The appliance should not be covered by any items such as newspapers, tablecloths, curtains, etc.
4. Risk of fire. The appliance should only be always used in an easily accessible socket and disconnected when not in use. Where the MAINS plug is used as the disconnect device, the disconnect device shall remain readily operable.
5. Do not open the appliance and do not use them if they are visibly damaged.
6. The appliance is suitable for moderate climates only. Do not use or store the appliance in the extreme temperature. The maximum ambient temperature during use of the appliance must not exceed 45°C.
7. Unplug the appliance from the power source/outlet during a lightning storm or before cleaning. Please use only dry cloths or a dry soft brush to clean the appliance.
8. Do not use the appliance in hazardous classified locations (such as close to the flames or flammable sources) or situations (such as dusty environments).

## Symbol Guide:

Indoor use only

Protection class II appliance

This symbol on the product or on its packaging indicates that this product must not be disposed of with other household waste. Customers or end-users should contact their local equipment supplier or service centre for information on the waste collection system in their country.
